Research Guides/Resource Library

Over the years LIS collected many papers to conduct research and published several Resource Lists. To find the topics go to www.lesbianinformationservice.org and click on Research; scroll down and click on topic you are interested in. Most of these (but not all) can be viewed at Lancashire Archive in the Jan Bridget Collection.

To access the Archive you will need a CARN card: when attending the Archive take official evidence of your address and signature, i.e. driving licence, credit card and a utility bill with your name and address (or other official correspondence with this information). The Archive will then issue you your CARN card – you can use this card in many archives. Check opening times: copy this into your search engine: <http://tinyurl.com/jjs4qlz>

When at Archive complete order slip. To find reference number for order slip: copy <http://tinyurl.com/znogebt> into search engine which will take you to the Collection. Click on links for more information. To get reference numbers for research guides and resource library click on Research guides or Resource library, click on reference number then the topic you are interested in and this will give you the resource number you need to submit on your form.
